

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE LIBRARY

REPORT FOR THE YEAR

FROM MARCH 1, 1907, TO FEBRUARY 29, 1908

The Library records show a total of 24,713 books registered since the organization of the Library, 2153 volumes having been added during the past year. The number accessioned and in use on Feb. 29, 1908, was approximately 22,079. A considerable number of books in addition were on hand, but not accessioned at that date. Volumes which the Committee consider of no further value to the Library are annually discarded. Of the new accessions 225 were received by gift, and 1842 by purchase at a cost of \$3790.13. The remaining 86 volumes added consist of current periodicals bound by the Club at a cost of \$117.95. The original cost of the periodicals is included in last year's expense account.

The growth of the Library during the past nineteen years is shown by the following summary:

Total for 19 years, 11,526 1,919 4754 18,199 33,238.39

The last column of the foregoing table includes, besides the cost of the additions for the year, the outlay for rebinding and for the binding of several gifts presented in pamphlet form.

One hundred pamphlets were added to the Library during the year.

The total running expenses of the Library, exclusive of salaries, were \$5207.00, the outlay other than for books and binding amounting to \$1298.92. Included in the latter sum is the item of \$906.05 for subscriptions to 172 periodicals, and 17 out-of-town newspapers, for 1908.

The cataloguing has been brought up to date. The cards printed and issued by the Library of Congress are used so far as possible.

The Library has on hand, either in bound volumes or filed for reference, over 150 sets of periodicals, though not all of them are complete. The rule now adopted is to retain for binding or filing all that are indexed in Poole's, Wilson's, or the Library Index, accepting, so far as it goes, the judgment of the index-makers on the question

of permanent values. About 32 other periodicals are also permanently retained. All other periodicals coming into the Club are kept on file not less than one year, but at the end of each year those of the year preceding the last are discarded and disposed of.

The New York newspapers are held for reference for six months back from the current date and a duplicate file, running five weeks back, is kept for clipping purposes. The bound set of the New York Tribune is nearly complete from 1861, and there are volumes running back to 1850. The indexes begin with 1876. The file of the London Times, unbound, dates from 1899. The following out-of-town newspapers are also subscribed for:

- Atlanta Constitution
- Boston Transcript
- Chicago Tribune
- Detroit Free Press
- Hartford Courant
- Indianapolis News
- Louisville Courier-Journal
- New Haven Register
- New Orleans Picayune
- Philadelphia Press
- Portland Oregonian
- Providence Journal
- Springfield Republican
- St. Louis Globe-Democrat
- San Francisco Chronicle
- Washington Post

It is believed that habitual users of the Library prefer, so far as possible, to be able to find their way without assistance. With this in view signs will be placed through-

out, which will indicate the grouping of the books. Two charts or floor plans of the Library are also to be provided, one to be kept on the card catalogue case, and one on the table in the main Library. These floor plans will be filled in with the class numbers and titles corresponding to the above-mentioned signs. By these aids any main division can be quickly located. Under the main divisions the subdivisions are indicated by the shelf guides. From one shelf guide to the next, the books run alphabetically by authors, except in the case of Biographies, where they run alphabetically by biographees.

The demand for novels and other books of ephemeral character will continue to be supplied through subscription libraries. The regular deliveries are made on alternate Mondays. Single volumes can usually be obtained from the New York Society Library within a few hours. Orders for books should be left with the Assistant Librarian.

The current issues of the catalogues of American and foreign booksellers and publishers are kept on file.

Members using the Library for investigation and study have the privilege of drawing on the resources of the Columbia University Library (390,000 vols.) and the collections of many university and other libraries. Requests for books under the above arrangement must be made through the Librarian of the Club.

Lock boxes in the Writing Room, built for the accommodation of private papers, manuscripts, and books, are rented to members at the rate of 25 cents a month.

The Club is desirous of obtaining copies of the Club Annual for 1865, 1867, and 1884-85, to complete its duplicate files. Any member possessing the Annual for one or more of these years would confer a favor on the Committee by donating the same to the Library.

The volumes presented by Club members are as follows:
